Dear District 95 Community:

If you have ventured by Brook Park within the last few weeks you have seen the flurry of activity getting the modular units into place and ready for occupancy. Work has been on schedule and we have set August 5th as our inspection day with West 40 Service Center who will inspect the modular units and provide an occupancy permit. We will be set to go for students arriving on their first day, August 18.

I would like to invite you to an **Open House on AUGUST 11 FROM 5:30-7:00 pm** to tour the modular classrooms. This will be a great opportunity to see the new learning spaces and ask questions about the units.

While the units will serve our short-term interests, the District is evaluating long-term solutions. The district continues to look at the Madlin park site for a new k-2 building, the relocation of the District office from S.E. Gross to a stand-alone building, and ways to create classroom space at S.E. Gross.

I hope that you will be able to spend a few minutes touring the modular units with me on August 11. As always, please contact me directly with any questions or concerns.

Sincerely,

Dr. Mark Kuzniewski
