

**Brookfield LaGrange Park  
School District 95**

Dear District 95 Community:

We were excited to launch our new on-line registration system this year hoping that parents would find it a much easier process for registering their children and paying registration and bus fees. I wanted to take this opportunity to remind parents that you have until July 15<sup>th</sup> to take advantage of the early registration fee incentive. On July 16<sup>th</sup>, registration fees will be \$150 for each building and bus fees will be \$200.

In order to register, you will need your snap code that was emailed to you. It would have been sent from [noreply@infosnap.com](mailto:noreply@infosnap.com) with the subject "SEGsnapcode" (or BrookParksnapcode) depending on school. If you believe you did not receive the email, please contact the main office of your child's school and it can be resent.

The on-line registration system has simplified the registration process for parents and the District. Equally important and beneficial to the District is the significantly enhanced ability to monitor residency and identify false residency claims. Ensuring that the children who attend District 95 schools are residents of the District is a top priority. The new on-line system allows for a more comprehensive check of residency documents and allows a mechanism to be alerted when information is conflicting on residency documents.

Last, I am excited to announce that we will soon expand MySchool Bucks (how a parent pays for school lunch on-line) to allow parents to make on-line payments for all school fees. I will continue to provide updates

and user directions for MySchool Bucks as the program becomes fully integrated on or about August 1.

As always, I appreciate our District 95 family working with us as we enhance our District's processes to make the "business" of school easier for everyone.

Sincerely,

Dr. Mark Kuzniewski  
Superintendent  
Brookfield School District 95
